# DCCS Ambulatory Surgery Services

## *DCCS: Leading Healthcare Transformation*

DCCS is a national full-service healthcare consulting company focused on providing financial, operational, business development, and strategic advisory services.

We assist health systems with operational and financial support to improve quality of care, patient and staff satisfaction while strengthening the bottom line.

### Improving Health System Operations

Through a value-based approach, our team of physician, nursing, operational, and financial advisors work side-by-side with your leaders to inspire hospital staff and providers to engage in positive change.

# DCCS Ambulatory Services Leadership

**Mary Beth Brust, MHA, CASC**  
ASC Planning & Operations

**Mary Beth Brust** is a Senior Consultant with DCCS Ambulatory Services and a nationally recognized ASC industry leader. She is a healthcare executive with deep experience in the development and operational aspects of ambulatory surgery centers. For more than 25 years, Mary Beth has assisted private physician groups, hospitals, and for-profit ASC companies establish joint ventures and partnerships. This work includes independent single specialty to complex multi-specialty ASCs. She is a collaborative leader who helps drive successful outcomes for patients, physicians, team members and investors through effective strategic planning, operational development and execution, team engagement and financial management.

**Mary Ryan, RN, BSN, MBA, CASC, CAIP**  
ASC Planning & Operations

**Mary Ryan** is a healthcare clinical expert with vast experience in the development and operational aspects of ambulatory surgery centers. For more than 32 years, Mary has held multiple positions both within the ASC and a large ASC Management Company. This work includes quality and benchmarking best practices, operational flows and excellence, risk management and regulatory readiness. She has exceptional physician and health system relation skills. Mary is a highly developed collaborative leader who works with the onsite leaders to create a sustainably successful ASC through policy implementation and process improvement strategies. Core Competencies include process improvement/analytics, regulatory survey readiness, clinical and business operations management, cost control and reductions, management development, and educational programming.

**Paul Davis, CPA, CMA**  
ASC Planning & Operations

**Paul Davis** has expert knowledge of operations, finance, and accounting management, plus experience in diverse senior leadership roles in leading ASC management companies including Senior VP of Operations, CFO, Managing Principal, and Executive VP of Finance. Paul brings substantial skills in strategic planning, P&L management, and process improvement design, combined with a commitment to developing sustainable, profitable, cost-effective, and efficient business. Paul offers more than 20 years of successful experience in directing business operations, finance, and accounting functions for multi-million-dollar organizations. He has impacted profitable business growth and operational performance improvements throughout my career through technology implementations, process design, and capability enhancements.
